Experience

Digital Egypt Pioneers Initiative (DEPI) – Front-End (React) Track — depi.gov.eg
Front-End Trainee | React Developer — 05/2025 - Present
Ministry of Communications & Information Technology (MCIT), Egypt

- Selected to join the national *Digital Egypt Pioneers Initiative (DEPI)*, an intensive hands-on program focused on modern front-end development and professional skills.
- Trained in *React, TypeScript, HTML, CSS, and TailwindCSS*, building and deploying real-world UI/UX projects — transforming Figma designs into responsive, high-performance web applications.
- Emphasized *best practices in code structure, performance, and accessibility* under the national Digital Egypt vision.
- Enhanced *soft skills* including communication, teamwork, time management, and project collaboration.
- Learned to create professional profiles and manage projects on freelancing platforms to enhance career readiness.

Idea World Web — ideaworldweb.com
Front-End Developer — 03/2025 - 10/2025

- Designed and developed responsive, user-friendly websites and landing pages from scratch using HTML, CSS, JavaScript, and Bootstrap
- Translated Figma designs into clean, optimized, and accessible live interfaces.
- Collaborated with backend developers to integrate APIs and ensure smooth functionality.
- Delivered visually appealing websites that aligned with clients' branding and improved overall user engagement

ORGTING — orgting.com
Odoo Implementer — 10/2024 - Present
Part-time

- Implemented and configured Odoo ERP modules (Sales, Purchases, Inventory, Accounting, Manufacturing, POS).
- Analyzed client workflows and delivered tailored solutions to enhance operational efficiency.
- Collaborated with technical teams to customize modules and develop integrations.

IGI Group — igiegypt.com
Training at IGI Holding - IT Department — 07/2023 - 09/2023

- Worked within a professional team capable of achieving technical objectives efficiently, gaining valuable skills and experience in IT support.
